Taiwan Business Day

THE HAGUE 2013

Do you own or manage a small or medium sized company, and are you considering opportunities abroad? Meet your potential business partner and support organization for the Far East!

Innovation and internationalization are two of the most important keys to a successful company. In support of this, the Taiwan Globalization Network (TGN) helps Dutch and Taiwanese companies so that they can more easily and quickly internationalize their business and find supportive partners to expand abroad. Taiwan Business Day offers a unique program to help Dutch and Taiwanese companies globalize their business through B2B matchmaking.

Why Taiwan?

Taiwan is world leader in many innovative technologies, and its companies continue to stay on top of new developments. Taiwan and The Netherlands have a lot in common, with a long trading history going back over 400 years. Both are internationally renowned as trading nations, and the business gateway to their regions.

Program

In addition to B2B matchmaking, we have an exciting program planned for May 27 in The Hague, where you can meet Taiwanese organizations and entrepreneurs! Mark your calendars and please join us! The program includes a seminar to help you with your business expansion strategy, a networking event, and opportunities for one-on-one meetings with potential business contacts. A special invitation goes to companies looking to expand their business abroad.
